

★ Why Junior Grange?

The Grange recognizes that one of the greatest needs of young families today is a place the family can go together - and the cost is affordable. The Grange has always been a family organization. There's no need to get a babysitter. Grange members are used to the enthusiasm that children can add to a meeting. The Grange offers programs and activities for family members age 5 and older.

★ Who Can Join?

Any child age 5-14

JUNIOR GRANGE CAMPING PROGRAM

The Washington State Grange, through a network of outstanding volunteers, offers five weeks of camping experiences for kids, ages 8-14. Each camp provides a well-rounded program that encourages group living in an organized manner. The daily camp program varies from camp to camp, and typically includes wholesome activities, healthy exercise, and a fun camping experience. The camper will learn about the Grange and make many new friends. Throughout the week, they will be encouraged to become leaders and have fun.

Junior Grange

Where the fun begins

JUNIOR GRANGE OPPORTUNITIES

During our annual state convention, Junior Grangers conduct their own session. Sixteen Junior members are selected to serve as Junior Officers. They perform the Junior Degree for new Junior members and adult honorary members. Junior Grangers can enter contests and win cash prizes. State winners in public speaking and Sign-a-Song are eligible to compete at the National Grange Convention. National Grange offers creative art, writing and other contests for Juniors at its annual convention.

JUNIOR GRANGE VALUES

CARE: Juniors have a great capacity to care about their community and environment. We provide more opportunities for Juniors to get involved and give back.

CONNECT: We host events where Juniors can connect with others across the state. Fellowship is a cornerstone of Grange membership, and the Junior program is no exception. Friendships formed now can last a lifetime.

CELEBRATE: Every day it is important to celebrate our successes. Whether it's the achievement of an individual or a group effort, we need to reward and recognize the hard work each junior puts forth. Adding fun and excitement to what we do ensures happy and well-rounded juniors.

I'm a Junior Granger!
